Abstract

PURPOSE: To correct whole the kinky hair and cure without injuring the pair.
CONSTITUTION: At least either of a pair of brush part 1, 2 facing each other includes a steam producing mechanism 6. Excepting one brush part 1, in which the steam producing mechanism 6 is at least included, of the brush part 1, 2 facing each other, only the other brush part 2 is detachable. When the other brush part 2 is mounted, the kinky hair is stretched at the tip thereof by putting the hair between the brush part 1 and 2. When the other brush part 2 is mounted, whole the kinky hair can be stretched only by one brush part 1 available.
